

Spacemaker Positioning Clamp

The Spacemaker Positioning Clamp will hold HDPE pipe securely during the weld process while also providing excellent re-rounding abilities for coiled pipe.

Made from lightweight die cast aluminium and steel, the Spacemaker is a limited access positioning clamp for inline and angle connections without the need of an angle maker base. Recommended for use in narrow trench applications.

FEATURES

- Suitable for pipe sizes 63mm-125mm
- Quick to install and easy to use
- Inline and angle connections
- Lightweight die cast aluminium
- Perfect for narrow trench applications
- Integral angle maker
- Re-rounding capabilities

Spacemaker Positioning Clamp

Positioning Kits

Code	Description
01-15-200	63-125mm Ø clamp, without reducing shells, with bag
01-15-006	125-63mm Ø reducing shell set (4 pcs)
01-15-016	125-75mm Ø reducing shell set (4 pcs)
01-15-005	125-90mm Ø reducing shell set (4 pcs)
01-15-210	125-110mm Ø reducing shell set (4 pcs)
